Treated Wife Like A Mother, Borroto Says

Widower Praises
Doctor On Trial
For Mercy Killing

MANCHESTER, N. H., Feb. 28—(AP)—The husband of Mrs. Abbie Borroto said today his dying wife was treated like a mother by Dr. Hermann N. Sander.

The 41-year-old Dr. Sander is on trial on a first degree murder charge—accused of ending the woman's cancer-tortured life with an air injection into her veins.

Reginald Borroto, the 65-year-old husband, testified as to his wife's last illness.

"If Mrs. Borroto had been Dr. Sander's mother or sister he couldn't have done more to minister to her."

Borroto, a retired oil salesman, said Dr. Sander came often to his home during the last months of his wife's life.

Borroto added that the doctor often appeared voluntarily, bringing such gifts to the ailing woman as a canary, complete with cage, and other little offerings to take her mind off her misery.

Under cross-examination, Borroto said:

"On various occasions, Dr. Sander appeared very tired. In fact, on one occasion I told him he was a fool spending so much time working on committees outside of his office hours."

On taking the stand, Borroto was asked by Phinney:

"Was Mrs. Borroto a woman of determination?"

"Definitely," replied the slender widower.

Q. Did she have the will to live?

A. Very much so.

Later, Borroto testified "if he (Dr. Sander) was my own brother I couldn't feel more kindly toward him."

The dead woman's husband made his comment after Defense Lawyer Ralph Langdell asked him whether he was friendly with the accused doctor and whether he had been to the Sander home for dinner.

Telling the story of his wife's illness, Borroto said Dr. Sander thought it best she go to the hospital.

"There was no room at the Elliot Hospital so she had to go to the Hillsboro County Hospital," Borroto said.

On the night of Dec. 3—the night before Mrs. Borroto died—her husband said Dr. Sander telephoned him and said he did not expect her to live through the night.

Borroto said the doctor told him she had lost the power of speech—"that she could whisper but I couldn't understand her."

"I sat at her bedside and held her hand," Borroto said.

Borroto said his 19-year-old daughter, Elsie, stayed with

Leopard Caught By Own Hunger

Returns To Zoo,
Felled By 'Mickey'

OKLAHOMA CITY, Feb. 28—(AP)—Oklahoma City's escaped leopard was captured alive at its pit today—felled by a mickey.

Knockout drops placed in chunks of horse meat subdued the ferocious jungle cat long enough for him to be captured.

Zoo Keeper Julian Frazier slipped a noose around the drugged animal's neck and held him while he was caged.

Hunger finally drove the beast back to Lincoln Park Zoo, the only home he had known since being brought here a week ago from the jungles of India.

He had been free since 1 p. m. Saturday when he leaped from a barbed wire pit, 18 feet deep, and scampered away while onlookers stood frozen with terror.

Thousands of hunters had stalked the cat since his escape. Air planes, helicopters and specially trained dogs were employed in the search.

But an empty stomach and perhaps a yearning for the mate he left behind prompted the fugitive to return the same way he left—on his own accord.

The leopard was found groggy by park employees and a game ranger as he was slinking sleepily toward the bait placed near his pit.

Frazier had given up all hope of capturing the animal shortly after it escaped.

The "shoot to kill" order was sent out for the leopard, which was less than 60 days out of the jungle.

After it escaped, expert trappers and hounds attempted to track down the beast but always were at least 24 hours late.

Frazier estimated the leopard was at least 18 miles from the zoo before it returned to gnaw at the tainted meat.

"This is the only meal ticket he knew," Frazier said. "He had just been here a week but those things are smart."

Spelling Contest Attracts Pupils At St. Paul's

The pupils at St. Paul's Catholic school are enthusiastic about the Salem News spelling contest and the chance to enter the National Spelling Bee at Washington, D. C.

Sister Alphonsus, principal at St. Paul's, reports competition keen among the boys and girls in her classes. As the result of practice spelling events, one boy in particular made a 30 per cent improvement in his own spelling ability, she reports.

Spelling contests are being conducted in each of the grades at the parochial school and within the next 10 days two winners will be chosen as the result of a final oral spelldown.

These two will represent St. Paul's school in a parochial school contest later in East Liverpool, the winner of this event to advance to the regional spelling contest at Steubenville April 28.

Coal Talks Halted, But UMW Trial Continues

Won't Tolerate Disloyalty, Acheson Says

Tells Senators He
Doesn't Condone Any
Of Hiss' Offenses

WASHINGTON, Feb. 28—(AP)—Secretary of State Acheson told Senators today "I would never knowingly tolerate any disloyal person in the Department of State."

Acheson told the Senate appropriations committee he did not and does not condone in any way the offenses charged against Alger Hiss, former State Department official.

Hiss was convicted of lying about contacting an admitted Communist courier who said he obtained secret State Department papers from Hiss.

Acheson's statement came in the wake of a recent remark he made to newsmen, after Hiss was convicted, that he (the Secretary) would not turn his back on Hiss a long time friend.

Acheson said he felt "compassion" toward Hiss because the latter's life could only be one of "deep tragedy" whether his conviction is upheld or reversed.

The Secretary of State said he was not in any way attempting to influence or cast any doubt upon the judgment of the court or upon the appeal of the Hiss case.

Water Line Break Brings Bill Payments

EAST LIVERPOOL, Feb. 28—A break in a 6-inch main left over 300 homes high and dry Monday afternoon was a blessing in disguise for the city water department.

Minutes after the line broke in a residential district, the phone at city hall began to jangle with householders' promises to pay overdue water bills.

The stream of calls, mixed in with inquiries from customers with clear consciences, continued for nearly two hours, the water office said.

The worried householders thought they had been caught without warning in a much-publicized campaign to enforce payment of \$4,607 in overdue accounts by turning off water service.

The water department accepted all the promises gratefully, then pointed out that a customer's service never is interrupted without formal notice.

The unexplained break was repaired in four hours.

Hospital Board Picks Four Trustees, Secretary

Four new trustees to the board of the Salem City Hospital Association were elected at a meeting of the board Monday night.

In addition, Clyde Barrow of Columbiana was elected as secretary to succeed Atty. South Metzger. Atty Metzger was chosen president of the Hospital Association at a recent meeting.

Mr. Barrow is president of Oaks & Barrow, Inc., of Columbiana, heavy steel fabricating firm.

New trustees elected last night are Cletus Paumier, personnel director of the Mullins Mfg. Corp.; Atty. Walter Jay Hunton, Mrs. Ray DuBrucq of Leetonia and Kenneth Wirtz, president of the Electric Furnace Co.

Farmers To Meet To Discuss Milk Prices

Growing concern over the price they are receiving for milk has prompted a group of Mahoning, Columbiana, Trumbull and Stark county farmers to call a meeting Wednesday.

Leaders of the meeting have asked that farmers interested in bettering their milk income meet at the Canfield school building at 8 p. m. Wednesday.

Red Cross To Seek \$14,893 In Drive Opening Tomorrow

With a general "worker" meeting at 8 a. m. Wednesday at the Memorial building, the 1950 Salem Red Cross drive will be launched, Bob Engel, campaign chairman, said today.

All workers are urged to pick up their supplies between 8 and 9 a. m.

All teams will start their efforts tomorrow with the exception of the industrial division. Supplies for this group were distributed Friday and the campaign got underway Monday in the Salem plants.

The city has been divided into four sections for house-to-house canvassing. District captains are: Northeast section, Mrs. W. Eugene Young; southeast section, Mrs. William Butler; northwest section, Mrs. Levi Fox, and southwest section, Mrs. John Herman, Jr.

Mrs. Donald Dusenberry will head the campaign in Winona, the only change in captains since the original announcement of team heads. Lloyd Gordon is vice chairman of the campaign.

Goal for 1950 is \$14,893, of which \$10,445 will be retained by the local chapter for work here, and \$4,448 will go to National Red Cross.

Controversy To Take Back Seat

English Tories To Let
Labor Sweat It Out

LONDON, Feb. 28—(UP)—Britain's main political parties held conferences today on the eve of the convening of the new Parliament with every sign indicating the Labor government would pigeonhole much of its controversial program.

Prime Minister Clement Attlee continued talks with his top ministers about the government's legislative program and the reshuffled cabinet which will be announced some time before Parliament meets tomorrow afternoon.

Winston Churchill and his Conservative shadow cabinet were expected to decide to sit tight for the time being, watch the Labor party squirm with its precarious majority in Commons and perhaps try to keep the Laborites in the tough position of responsibility without power as long as possible.

Liberal party leaders also met with Clement Davies presiding. The Liberals were blamed by both Labor and Conservative leaders for creating the Parliamentary stalemate. They had nearly 500 candidates in the election, but won only nine seats.

Labor quarters indicated they might seek an election by early summer. They were worried about many things, especially their ability to maintain the wage freeze which so much of British Labor opposes.

Nationalists Warn Air Attacks To Continue

TAIPEI, Formosa, Feb. 28—(AP)—In the wake of new attacks on two American merchantmen, Nationalist China warned today that all ships trading with the Chinese Communists are subject to air assault.

Dr. Urey Hopes H-Bomb Fails

Sure Agreement On Controls Is Out

COLUMBUS, Feb. 28—(AP)—One of the world's leading nuclear physicists said last night no one knows if a hydrogen bomb can be built and that he, personally, hopes it "doesn't work."

Dr. Harold C. Urey, of the University of Chicago's Institute for Nuclear Studies, added in an interview.

"But there is no way of controlling nature. Sometimes it is too cooperative."

He is delivering a series of three technical lectures at Ohio State University.

The Nobel prize winner said effectiveness of a hydrogen bomb—estimated to be many times more powerful than the A-bomb—will not be known until one actually is set off.

He said:

"To hope the bomb doesn't work, however, is no way to solve the problem. We must know what can or cannot be done or someone else will find out before us."

Speaking of Russia, the physicist said he felt Russia and the United States would be at odds even if there were no super bombs, because "the current Russian leaders created a revolution and must see it through."

There is "absolutely no chance" of the two nations agreeing on control of the bombs, he said.

The scientist said he was "scared to death" at the prospects of war between the two powers. "Sometimes I feel prayer is the only solution, and I wish I had a direct line to the Almighty to ask him for guidance."

Modern weapons with their great ranges will bring the next war to the center of participating nations, he feels.

Dr. Urey said he did not recall knowing Emil Klaus Fuchs, who recently was arrested in England and charged with turning over atomic secrets to the Russians.

Up And Atom!

Atomic Energy Lab For Children Made By Toy Company

NEW HAVEN, Conn., Feb. 28—(UP)—Kiddies soon will be able to play at home with atomic energy, the A. C. Gilbert Co. announced today.

The toy firm unveiled an "atomic energy laboratory," complete with Geiger counter and other professional-type gadgets guaranteed "to appeal to youngsters from nine to 90."

The company said that the lab, "believed to be the most scientific toy ever made," was developed with the help of America's "top nuclear physicists and instrument makers."

It was learned that the Atomic Energy Commission also was consulted and obviously favors the toy as a means of showing children, and adults as well, that atomic energy isn't necessarily destructive.

The commission refused to comment on a report that it also approves the lab as a home defense measure, making possible a widespread distribution of low-cost Geiger-counters which are used to locate radioactive materials.

The company said, however, that its product should enable some persons to collect the \$10,000 offered by the commission for location of substantial uranium deposits. Gilbert's set will cost \$42.50 and the counter alone \$18.50.

Junior Red Cross Packs Gift Chest For Shipment To Needy Overseas

This year Salem Junior Red Cross members are joining J.R.C. young people throughout the nation in concentrating their energies in working toward world peace and international understanding, though, of course, they are continuing their programs of community and national service.

Salem High School J.R.C. members launched a new project of packing a chest filled with health and educational supplies to be sent to students in a foreign country where a shortage of these materials still exists. The chest itself was made in the woodwork shop at the High School and the cost of the contents was met by contributions from individual students and by special group earnings.

The value of the chest and its contents is approximately \$125. It contains the following items, all new:

144 pencils, gross pen points, 500 sheets of drawing paper, 24 compasses and protractors; 48 each of penholders, cans of tooth-powder, toothbrushes, boxes of crayons, school tablets, composition books, rubber erasers, combs, cakes of soap, rulers, school paint boxes, wash cloths, and hand towels which were made by school sewing classes.

Also in the chest are a complete first aid kit, soccer ball and pump, several smaller balls and harmonicas, copy of the High School annual and a world almanac.

Besides the chest, the McCulloch store window display shows a sample of the School Art Program in which all Salem schools are participating this year. The purpose of this program is to give students in other countries a better idea of typical interests and activities in the United States.

The posters were prepared by members of Mrs. Ethel Headrick's art classes: Wilma Bingham, Jo Ann Conser, Donald Getz, Patty Pasco, James Pearson, Donna Schoss, Bernice Swetye and Paul Berger.

Small 9" by 4" by 3" gift boxes will be shown in the window. This project is not new to Salem J.R.C. members. All Salem public schools and St. Paul's school are participating, as 115 gift boxes were sent overseas in December and more will be sent in April. They contain school and health supplies, plus a few toys.

The layettes in the window, and others, were made by Salem High School Sewing classes under the direction of Miss Ala Zimmerman and Mrs. Elden Groves. They are used locally by the Salem chapter of the American Red Cross.

Wilma Firestone, left, and Louise Bauman are shown packing the large Junior Red Cross School Chest, which soon will be sent to J. R. C. headquarters.

Vogelhuber is now president of the J.R.C. council, formed this year; Miss Firestone is vice president and Miss Bauman, secretary-treasurer.

The School Chest project is under the sponsorship of the council. Mrs. Louise Mulbach is faculty sponsor. Mrs. T. A. Mercer is J.R.C. committee chairman for the Salem Red Cross.

Heath Feels Break Effective

U. S. Severance May Aid In Other Nations

PARIS, Feb. 28—(UP)—Donald R. Heath, former American minister to Sofia, said today that U.S. action in breaking relations with Bulgaria "should have a salutary effect" on other Communist-controlled countries of Eastern Europe.

"The Bulgarians were quite surprised and certainly disappointed when the United States broke relations, though they had every reason to expect it," Heath said when he arrived in Paris on his way to the United States.

"Breaking relations with Bulgaria should have a salutary effect, diplomatically speaking, on our position in Eastern Europe."

The U.S. severed relations with Bulgaria a week ago after the Soviet satellite refused to withdraw charges that Heath was running a spy ring in the American legation and had concealed two "spies" in the legation attic for six months.

Bulgaria demanded Heath's recall on the basis of the spy charges, which the U.S. government refused to accept. The U.S. answer was to break relations.

Bulgarian tactics against naturalized Americans of Bulgarian descent who worked in Bulgaria were "a little worse" than other Iron Curtain countries, Heath said.

He added that Russian military and political advisers were "increasingly evident" in Sofia.

Heath supported previous reports that former Bulgarian Premier Georgi Dimitrov, who died in Russia last year while undergoing what was described by the Russians as medical treatment, may have been purged because he showed signs of approving Marshal Tito's defiance of the Kremlin.

Many of Dimitrov's friends were expelled from the Politburo or removed from government posts after the late premier's death, Heath said.

Fanatic Jewish Group In Israel Fights All Its Works

By ERIC GOTTGETREU

JERUSALEM, Feb. 28—(AP)—Four hundred ultra-orthodox Jews in Jerusalem are fighting bitterly against the Jewish state and the political Zionist movement that created it.

The members of the "Naturej Karta" group are honest zealots and religious fanatics. They say that a Jewish state before the coming of the Messiah is against the will of God—and when the Messiah comes there will be no need for it.

They must not be confused, however with the thousands of other orthodox Jews among Israel's more than a million inhabitants. These others, organized in the "Agudath Israel" and the "Misrachi Party" and well represented in the Hebrew parliament, believe Jewish statehood is compatible with Jewish religious observance, although they demand incorporation of the old biblical law in the new state's laws.

The "Naturej Karta" call this an "abominable compromise." Irreconcilable but unable longer to ignore the existence of Israel as a state they insist that all of Jerusalem should be internationalized, or at least the small ghetto-like quarter in which they live.

Earlier, it was learned, they even had discussed asking King Abdullah of Hashemite Jordan to allow them to settle inside the Arab-held old city, if possible near the venerated wailing wall—the remains of the temple destroyed by the Romans almost 2,000 years ago.

While they could not prevent the city being populated by 100,000 Jews identifying themselves with the Israel state, the most fanatical among the "Naturej Karta" started to throw stones and smoke bombs at those who, they said, desecrated the Sabbath by riding in a car, visiting a cafe or queuing up at a movie before the Sabbath sun had set.

Some refused to join the army. They were granted exemption as conscientious objectors. They also abstained from taking part in the general census before last year's parliamentary elections. On election day they refused to go to the polls. On the first Jewish "independence day," they said prayers of mourning and fasted.

During the day you can see them, usually clad in old-fashioned long garments, crowded together in narrow prayer rooms in eastern Jerusalem, poring over the Talmud. On dark nights they slip into the modern parts of the city to stick their promissianic and anti-government proclamations in Yiddish and English on walls and buildings. They do it quickly, cleverly and secretly, like the pre-independence Jewish underground fighters.

In their hatred of Zionism and the Jewish political renaissance they scorn everything which is an expression of Jewish national revival. They do not speak Hebrew—except when praying—but only Yiddish. It is characteristic that both words in "Naturej Karta" (which means "guardians of the city") are not of Hebrew but of Aramaic origin.

Although despite their quixotic fight the Jewish state came into being, they have not given up. They say they never will.

Pennsylvania R. R. Had Revenue Loss

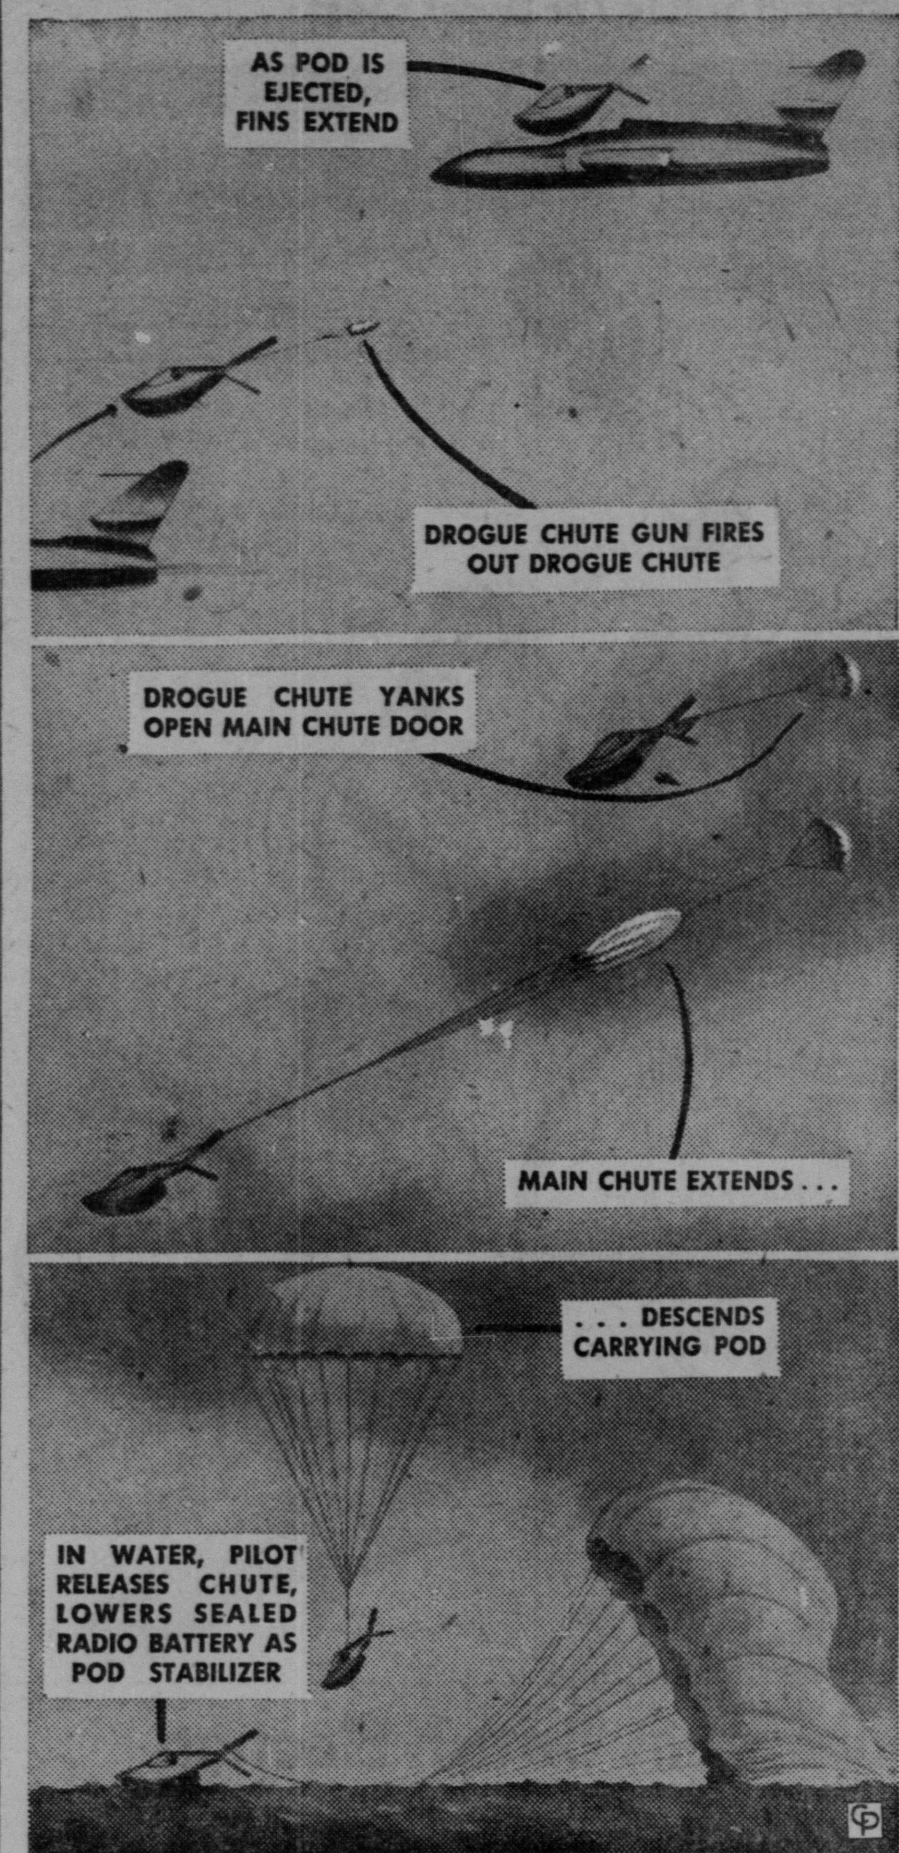

While large reductions were effected in the Pennsylvania Railroad's operating expenses last year, with substantial economies resulting particularly from the increased use of Diesel locomotives, it was not possible fully to offset the loss in revenue due to the generally lower level of business activity and strikes in coal and other major industries.

In the railroad's 103rd annual report today, President Walter S. Franklin said that these strikes and cessations of production in industry cut the Pennsylvania's revenues last year by approximately \$45,000,000.

He said that further obstacles to expense reduction were the 40-hour week for non-operating employees, effective last September, and the continued high level of wages and fuel, material and supply costs.

"The company's income," he said, "continued to be adversely affected by the unremunerative nature of several kinds of business because of non-compensatory rates, particularly passenger, express, mail and less-than-carload freight traffic."

In the passenger service, 211 new sleeping cars are in use on principal East-West trains, the finest equipment ever offered by the Company, the Report says, together with 16 twin-unit dining cars (32 cars) and 6 single-unit dining cars of latest design. A total of 118 new coaches are

Lustron Battle Enters Court

RFC Closure Meets Broad Opposition

COLUMBUS, Feb. 28—(AP)—The main issue in the government's suit to foreclose on the Lustron prefabricated housing firm here appeared to be firmly outlined today.

The Reconstruction Finance Corp., which bankrolled Lustron's venture into the porcelain-enamel house field with \$37,500,000, wants a judgment for \$36,466,273. It also is asking U. S. district court to appoint a receiver for Lustron.

The RFC claims Lustron will keep on losing money. The company believes it can start showing a profit later on.

The RFC yesterday asked the court to immediately issue a restraining order.

Said Frank Harrison, Cleveland attorney for the RFC as the hearing opened yesterday:

"This aggregate loss has accumulated with no month showing anything but loss—averaging \$700,000 a month, \$35,000, a day. As a result, money loaned by RFC is in jeopardy of further waste unless operations are brought to a conclusion."

Said Atty. John C. Harlor of Columbus, representing Lustron: "We're going to show that within 12 months it (Lustron) can be operating profitably." He said Lustron "was deserted by the organization that gave it life," at a time it had shown it could make its own way.

Harlor asked that the motion to appoint a receiver be denied.

Albert Chanson, representing the firm which operates trailers which carry Lustron homes to buyers, asked the court to appoint an operating receiver, if one is appointed. He said his firm, the Commercial Home Equipment Corp., stands to lose at least \$5,000,000 if Lustron stops production.

Judge Underwood advised Chanson to file a motion to intervene.

R. L. Grabough of Lima, O., a Lustron dealer, addressed a brief statement to the court. He said:

"We are not taking sides. We

are interested in protecting our investment of between \$10,000,000 and \$15,000,000."

He said he represented other Lustron dealers.

Edwin M. Utle, representing the AFL Carpenters working at Lustron, asked the court to consider that 1,100 will be thrown out of work if the plant is closed.

Meanwhile, six men who said they represented 231 Lustron dealers conferred in Washington with Harley Hise, chairman of the RFC. Their spokesman, W. W. Lobdell of Rockford, Ill., said they told Hise Lustron could operate at a profit if allowed to continue on an uninterrupted basis.

They also asked members of the Senate and House banking committee to arrange a congressional hearing for them.

Aptitude Tests Given Salem High Seniors

The aptitude testing program of the High School Parent-Teachers Association was introduced to senior students at a special assembly this afternoon.

Hubert Clay, vocational counselor, advised that the tests would be held during spring vacation, April 3-5 inclusive. Although the

testing is primarily for senior students, other students and adults will be accommodated.

Preliminary registration under auspices of the association will be started in room 305 at the High School from 3:30 to 4:30 p. m. Thursday and Friday, March 2, and 3. After that time, registrations will be accepted through P. T. A. officers until March 20.

Tests will be conducted by counselors of the Personnel Research Institute of Western Reserve University, under the direction of Mr. Clay. Subsequently, personal discussion and consultation will be afforded participating students and parents.

E. M. Peters Marks His 85th Birthday

E. M. Peters, resident of Salem for 35 years, marked his 85th birthday Monday. The event was celebrated with a family dinner Sunday at the home of his daughter, Mrs. Gertrude Eckstein, W. 16th st., with whom he resides.

A native of Steubenville, Mr. Peters spent his early life in Sharpsville, Pa. The family lived in Leontia before coming to Salem.

The veteran was interested in the iron and steel business before the organization of the Salem Finance & Discount Co., of which he was president. He retired in 1932 when his company was discontinued.

One of the thrills of his sunset years was his trip to Japan, where he spent nearly a year with his son, Edmund W. Peters, attorney for the defense in war crime trials at Yokohama. Mr. Peters made the trip to and from the coast by plane. For the sailing part of the voyage he was on an army transport. He returned home in August, 1948.

Mr. Peters said that one of the most unusual things he saw in Japan was the statue of Buddha, religious teacher of Buddhists, made in the 10th century, which is at Kamakura. Formed of sheet copper, the statue in a sitting position is 52 feet and three inches high. It is elevated on a platform and on the base is carved the names of the Japanese, who contributed to it and the amount given.

He said another one of the Buddha statues is at Nara, which was exactly like this one, with the exception it was three inches higher.

Mr. Peters spent six weeks at the rest hotel at Nikko, which is 100 miles from Tokyo. Nikko has seven shrines, he said.

Norman H. Peters of Ravenna was here for his father's birthday dinner. His two other sons, Att'y E. W. Peters of Chicago and Dr. C. M. Peters of Toronto were unable to attend.

Rev. Ogden Speaks At BPW Club Dinner

Using words from the club's "collect," "Calm, Serene and Gentle," Rev. Harold L. Ogden, pastor of the First Presbyterian Church, gave an inspirational talk to members of the Business and Professional Women's Club at a dinner meeting Monday evening in the Blue Room, Metzger Hotel.

Rev. Ogden stressed the thought that there is a plan of life for every person and that with the help of God the things which disturb and bother him can be healed.

The pastor pointed out that with God's help nothing is impossible and that a person can place his faith and trust in Him in a way that will bring peace to himself. "He can also be at peace with God," Rev. Ogden said.

The Vocaleers, made up of some of Salem's best women singers, sang a group of songs, "Just a-Wearyin' for You," "Stormy Weather," "Blue-Tail Fly" and "I Love Dear Willie." Directed by Dan Holloway, and with Mrs. Curtis Vaughan at the piano, the singers were well received.

Progress of the speech development clinic was reported. It was decided to continue assisting City Hospital by having one member there each Sunday evening.

One new member was added at this session and other new members are welcomed.

The club went on record as favoring the Equal Pay Law, which is now in Congress and will inform the State Representative of its action. Plans were made for a benefit Saturday, March 25. Miss Martha Campbell was auctioneer for a White Elephant sale at this session.

The meeting was in charge of the public affairs and emblem committees, of which Mrs. Thomas Corrigan and Mrs. William Park are chairmen, respectively.

The attractive decorations emphasized a patriotic note, red and white candles being used. Silhouettes of George Washington were on each table. The speaker's table was centered with an arrangement of red carnations, white sweetpeas and blue iris.

The flowers were presented to the club by Mrs. Harold Babb and later were taken to Miss Belle Golladay, a member who is in the Central Clinic.

Places were arranged for 26 members and three guests, Mrs. John Vial of Irwin, Pa., and Rev. Ogden and Mrs. Nellie Kerr of Salem.

March 27 meeting will be in the Metzger Hotel in charge of the education and vocation committee, Mrs. Adda Paxson, chairman, and the radio and television committee, Helen Kisko, chairman.

The program chairman for the evening was Mrs. Hilles Linton. Also contributing to the program were Mrs. Donald Harvey, who discussed "Conservation" from Garden Greetings, and Mrs. George Hilliard who read Louise Driscoll's poem, "My Garden Is a Pleasant Place."

Refreshment hostesses were Mrs. Charles Mattevi, Mrs. C. N. Reynard and Mrs. Gladys Rowland. The buffet table was attractive with an arrangement of Talisman roses in crystal, and Mrs. Wallace Duncan and Mrs. Asty presided at the silver service.

Talk On Ceramics Given Garden Club

"Ohio pottery ware is superior to that made in California," according to Joseph A. Sweetie, who gave an informative talk on "Ceramics" to members of the Salem Garden Club Monday afternoon in the public library assembly room.

Mr. Sweetie, who operates a small shop on the Depot rd., explained that the California ware cracks more easily and is not as sturdy as the Ohio pottery.

The speaker makes various kinds of flower containers and vases and paid a high tribute to the Salem public library for providing the books which helped him in the study of this art.

Discussing mixtures used in making this ornamental ware, he stated that five different kinds of clay are used and that it comes from three different states. Speaking of colors, Mr. Sweetie stated that his son had spent a year in color research and that the black tone used in his plant was recognized as the best on the market.

He molded a "swan" in a demonstration and exhibited some of his vases and containers.

The speaker was presented by Mrs. C. E. McElwee, program chairman. Mrs. S. F. Sonnedeker, president, officiated at the business session. Roll call response was "How Many Years Have You Been a Member?" There was 43 in attendance.

Miss Nora Greenawald gave a talk on "Horticulture." Mrs. George F. Jones, who made the spring flower arrangement used in a flower arrangement study, was awarded a red ribbon.

Mrs. J. Raymond Stiver, chair-

man of the Junior Garden work, announced a tea for Friday, March 10, at the home of Mrs. A. A. Parker, Franklin rd., at which the principals of the various schools will be guests.

A gift was made to the Red Cross and Mrs. Sonnedeker was selected to represent the club at a meeting of representatives of the civic clubs to be held at 2 p. m. Sunday in the American Legion.

Salem Wins First Tourney Tilt Over Girard High 35-29

Indians' Failure To Score Gives Quakers Easy Win; Callahan Leads Scoring

By BOB DIXON
News Sports Editor

Although shooting poorly, being out-rebounded and having their top scorer held to one basket, the Salem Quakers never-the-less had a relatively easy time in downing Girard 35-29 in their opening game in the Class A district basketball tournament Monday night at the Youngstown South fieldhouse.

Bob Miller's cagers were never in much trouble in the game and held the lead from the middle of the first quarter on. They couldn't hit the hoop often, but their shooting was better than Girard's. The Indians hit an atrocious 15 per cent of their floor attempts, compared to the Quakers' 22.2 mark.

Don Abrams, who has averaged over 11 points for Salem in 17 games, was limited to a measly two-point total—his lowest of the season. He simply couldn't find the hoop. Jim Callahan collected nine counters to lead the team, while George Reash, Bob Coy and Jim Hurlburt each got six.

The Quakers thus move into the second round of play and are destined to meet the Youngstown Rayen Tigers, who last night clobbered Austintown Fitch. Salem topped Rayen 63-58 earlier in the year. The two will play at 7:45 p. m. next Monday, following the Minerva-Warren game.

Warren last night topped Canton Lincoln 38-24, after a slow start. The Salem Girard game was a slow, listless affair that would have put a non-partisan fan to sleep. It wasn't close and it was not exciting. Neither team hit any hot streaks, but both kept moving along in the same groove.

Girard held a big rebounding edge throughout the game, many times limiting the locals to only one shot at the hoop. Their best rebounder was Walt Sagan, who also led his team in the scoring column, with a nine point total.

Walt Pavlick and Walter Hill each had six points for the losers.

The Quakers started slowly, after Abrams hit a corner shot to open the scoring. Girard moved ahead 4-2, but Reash banged in the first of his three long set shots to tie it up. A free throw gave the Indians a short lead, but Salem went ahead to stay on a mid-court set by Bobby Theiss.

Salem then scored six consecutive points to run the quarter score to 12-5. Four of the six were free throws by Coy, who was destined to can six out of six for the night.

Miller revised the lineup in the second period, inserting Tom Pastier and Hurlburt for Reash and Abrams. Hurlburt looked like a good addition, when he fired in three one handers in a

row from the corner of the roomy floor. However, Salem was out-scored 11-10 in the period and retreated at halftime with a 22-16 lead.

They came back to rack up a 10-5 quarter, which gave them a 32-21 margin with three-fourths of the tilt played. Most

of the final quarter was spent handling the ball, with few attempts made to score. Consequently Salem caged only three points to Girard's eight. The locals blew five fouls in the final quarter.

In all, Salem made just half of their 14 free throw attempts, while Girard made nine of 17. Miller's cagers seemed to go into Monday's game with a great amount of confidence. They were never rattled in the tilt and seemed to have control of the situation at all times, although they weren't getting many rebounds.

A crowd of 1,450 watched the opening night's play. Next Monday's house figures to be larger, with Rayen, Warren, Salem and Canton McKinley drawing heavily.

Potters Take First Tourney Game 69-37

Flashing some of the heavy scoring power which many people think will carry them to Columbus, the East Liverpool Potters had no difficulty in wrapping up Steubenville Catholic Central 69-37 Monday night in their opening tilt of the eastern sectional Class A tournament.

The Potters will play Toronto Wednesday night in the semifinals.

Bill Thornberry was the bright light for Liverpool Monday, meshing 22 points for the Potters and two for Steubenville. On the opening tipoff, the teams' centers reversed positions and when Thornberry took a pass and pushed in a layup the officials counted the two points for Central. Following the usual argument, the game resumed.

Jim Betts had 14 and Ray Griffiths notched 12 for the winners. Liverpool hit 38 per cent of their shots and converted 15 of 17 fouls—a sharp shooting exhibition.

Findlay Rated No. 1 In Ohio

Potters Finish Eighth In State A. P. Ballot

By FRITZ HOWELL

COLUMBUS, Feb. 28—(AP)—Hamilton's Big Blue, king of Ohio's Class A cagers, is over the first hurdle in defense of its 1949 crown.

The Butler county powerhouse won its 17th in 20 starts last night, blasting Cincinnati Withrow 60-38 in the opening round of the high school sectional tournament in the Queen City.

But two other hot-shot quartets also moved along the trail toward what a lot of folk forecast will be a state finals berth, and Hamilton's road to another state title looms as a rocky one.

Findlay's mighty Trojans, only unbeaten Class A club in the state, rolled impressively to its 18th straight conquest by 87-22 over Wapakoneta in the Ada tourney, while East Liverpool, which dropped its first three tilts, grabbed its 18th in a row by smothering Steubenville Central Catholic 69 to 37.

Only a few games were staged last night in the "lose and out" sectional-district meets, but the firing will be heavy through March 11 when the "sweet 16" of Class A and Class B are named for the regional tournaments—springboard to the state finals here March 23, 24 and 25.

More than half the state's 1130 teams were ousted in county championship play, 619 Class B combinations falling by the wayside. That left 276 Class B teams and 235 Class A quintets to head down "heartbreak highway" in the sectionals—and they are on their way.

The state's sports writers and radio broadcasters "poured" the votes in today in the final Associated Press poll on the top 10 teams, and Findlay's Trojans clung to the lead as the No. 1 outfit.

Here's how the teams were rated, with the season's record including last night's games, and the votes (ballots on a 10 for first, nine for second, etc. basis):

Won Lost Votes		
Findlay	18	0 288
Hamilton	17	3 246

Ashland	16	1 220
Portsmouth	14	4 206
Delphos St. Johns	23	1 185
Mansfield	16	4 169
East Liverpool	18	3 151
Middletown	10	8 147
Toledo Devilbiss	19	1 122

Others getting votes in the order of finish: Akron South 12-3, Sandusky St. Marys 20-0, Columbus East 14-6, Grandview 16-2, Ottawa Hills, Chillicothe, Scio 22-0, Springfield 11-7, Smithfield 21-2, Columbus South 15-5, Akron St. Vincent, Marysville 19-1, Ashley 22-0, Lowellville 21-1, Lancaster 14-4, Champion 22-0, Columbiana 18-2, Youngstown Rayen, Niles, Olive Branch.

Middletown, a rousing ninth in the state-wide standings despite its 10-8 record, gets its first tourney test tomorrow night at Dayton as the Middies clash with Dayton Fairview (12-3). The Middies, three-time state champs, have been coming strong in the late games as proved by their 84-20 win over Hillsboro last Friday.

Delphos St. John, the Class B. defending champ, won sixth place in the closing poll—the highest spot ever attained by a Class B quint. The minor league kings lost only to Class A Toledo Central Catholic in 24 games, but they have plenty of opposition coming up in the tournament frays.

Three Teams May Go For Two Tourneys

NEW YORK, Feb. 28—(AP)—Three teams—Bradley, Kentucky and Duquesne—may shoot for a "grand slam" by playing in both the National Invitation and NCAA basketball tournaments.

The three of them, through spokesmen, indicated today they would be receptive to double bids, if forthcoming.

At the same time Asa Bushnell, who occupies an important role in both tournaments, said there would be no official objection. "The two meets aren't in competition with one another but work in complete harmony," he said. "In fact, I think we can expect at least a couple of teams to be in both."

Holy Cross, which led the Associated Press poll for weeks before dropping to second, then third, already has accepted a bid to the NCAA and reports it is not interested in the invitation. The Crusaders are unbeaten in 24 games.

Ohio State, the No. 2 team, in the poll, is the Western Conference champion and a sure-shot for the NCAA from District 4. The Buckeyes also aren't interested in playing in both tournaments.

Other NCAA candidates are: Nebraska, a rival of Bradley in No. 5; Wyoming and Denver, No. 7; UCLA and Washington State, No. 8; Arizona, Baylor, Arkansas and SMU, No. 6.

Boudreau Sees Hot Competition

Expects Battles For Several Positions

TUCSON, Ariz., Feb. 28—(AP)—Manager Lou Boudreau of the Cleveland Indians expects competition to be "exceptionally keen" during his baseball club's spring practice which opens here tomorrow morning.

"Some of the players have reached the crossroads, and they know it," Lou said. "Because of that fact, I expect the competition to be exceptionally keen, and I look for the players to give their very best."

The Tribe is carrying only 36 players on its roster this spring—four under the number allowed and the number usually on hand for training camp opening. By May 19 the roster will have to be down to 25 players as stipulated in major league rules.

Eleven players will have to be cut—which means that the Tribe will have to give up entirely on at least four of the men on its current roster, since only seven of them can be farmed out for more minor league experience.

These seven are pitchers Al Aber, George Zuverink and Hal Saltzman, infielders Herb Conyers and Bobby Wilson and outfielders Orestes Minoso and Milt Nielsen.

Boudreau said he "definitely" plans to use Luke Easter in right field, although Easter would "work around first base once in a while just so he doesn't lose the feel of that position in case we need him there."

"If Easter hits well enough to win a regular job," Boudreau said, "we'll have to sacrifice defense at one position, and I would rather it be right field. If we had Luke at first base and Mickey Vernon in right field, we would be weakened defensively at two positions."

If Boudreau, who frequently changes his plans, sticks to this, it probably means Mickey Vernon will be the No. 1 first baseman and towering Herb Conyers, up from Oklahoma City, will be in for another year of minor league seasoning.

That would leave right field as the position holding the key to the present uncertainty of the Indians' 1950 lineup. If Easter beats out Bob Kennedy, Clark, Minoso and Nielsen, and if Rosen again fails to measure up at third base, Kennedy may try his hand at the hot-corner spot. Boudreau has announced his intention to play at shortstop and not return to third base where he played much of the latter half of last season.

Wally Berger, a slugger with the Boston Braves in the 30s, is the new manager of the Twin Falls, Ida., Cowboys in the Pioneer League.

Members of the Michigan State boxing team have gone in for a new fad—caps, the old-fashioned kind, with visors and buttons on top, for road trips.

Leetonia Wins 61-49 Over Warren Team

Scoring heavily in all four quarters, the Leetonia Bears rolled to an easy 61-49 win over Warren St. Mary's Monday night in the Youngstown South fieldhouse. It was a first round district Class B tilt.

The Bears now must face the improving North Lima cagers at 8:45 p. m. Thursday.

Don Stoffer collected 15 tallies Monday to lead his team. Bob Holt connected for 13 and Willis Roller and Tingle each carded 10. Leetonia led 28-20 at halftime and increased their margin in the last two periods.

Tribe Gets 25-Year Lease On Stadium

CLEVELAND, Feb. 28—(AP)—City council voted unanimous approval for a 25-year lease of Cleveland stadium to the Cleveland Indians. The solons took the action last night without a word of debate.

The agreement, worked out a month ago by Mayor Thomas A. Burke and Ellis Ryan, president of the baseball club, calls for a 15-year contract with an option of renewal for 10 years. Its terms provide:

Payment of seven per cent of admission receipts to the city as rent; a guaranteed minimum annual rental payment of \$60,000, and a split of concession profits, 55 per cent to the ball club and 45 per cent to the city.

IMPROVE BAKED APPLES with marshmallows and nuts.

The Cookbook

By GAYNOR MADDOX

Baked Apples Are Novel Dish

APPLES are abundant and good. It's delicious economy to use them often. But use them intelligently and give them new interest.

Marshmallow Nut Baked Apples

Four Winesap apples, ½ cup brown sugar, ½ teaspoon cinnamon, ½ cup seeded raisins, 4 tablespoons butter or fortified margarine, ½ cup water, marshmallows, walnuts.

Wash and dry apples, core carefully, then pare one-third of the skin away from the blossom end. Combine brown sugar, raisins, cinnamon and softened butter or margarine. Pack this mixture into apple cores and place apples on a rack in the bottom of a saucepan or skillet. Add water, cover and steam slowly until apples are tender, about 30 minutes.

Place a marshmallow on top of each apple, slide under broiler for a few minutes until marshmallow is melted. Dot with halved or chopped walnuts.

Ever try Freda DeKnight's Boiled Apple Dumplings?

In the E. C. Holloway home were Mr. and Mrs. Daniel Zeigler and Mr. and Mrs. Albert Zeigler and daughter, Mildred Elizabeth, of R. D., Columbiana.

A housewarming was held at the Winona Methodist Church parsonage Sunday with hours from 3 to 5 and 7 to 9 p. m. The parsonage is occupied by the pastor, Rev. and Mrs. Fred M. Tozer.

This house is a Winona landmark and was purchased last November by the Methodist Church and has since been remodeled by members and friends.

Those on the committee to assist Rev. and Mrs. Tozer in receiving guests were, in the afternoon, Mr. and Mrs. Richard Stamp, Mr. and Mrs. Leland Johnson, Mrs. Donald Dusenberry, Miss Josephine Dunn and Mr. and Mrs. William Cope; the evening committee included Mr. and Mrs. Lowell Mountz, Mr. and Mrs. S. H. Bennett, Mr. and Mrs. Albert Althouse and Mr. and Mrs. Lowell Whinery.

Mrs. Richard Stamp had charge of the register in the afternoon and Mrs. Lowell Mountz the evening hours.

Refreshments were served from a table covered by a lace cloth, attractively arranged with tall yellow candles and a centerpiece of yellow daffodils.

Mrs. Arthur Loudon was chairman of the committee that served, which included Mrs. Russell Whinery, Mrs. Howard Bailey, Mrs. Raymond Brandt and Mrs. Warren Courtney.

People were present from Lisbon, Salem and Winona. Miss Elenor Hall, a teacher at the Friends' Boarding School, Barnesville, spent the weekend with Miss Esther Holloway here.

Mr. and Mrs. Floyd Sidwell and family of Columbiana R. D. were Sunday visitors in the Mr. and Mrs. Lee Vincent and Mr. and Mrs. O. F. Sidwell homes.

Army-Navy Garrisons Fight Rutkowski

WARREN, Feb. 23 (AP)—Sixteen Northeastern Ohio Army-Navy union garrisons have named Theodore R. Saker, commander of Garrison 244 here, as chairman of an emergency committee to oppose "tactics of Anthony A. Rutkowski, state liquor enforcement chief."

Rutkowski earlier this month asked the permit chief of the liquor department to refuse to renew permits of 22 garrisons, charging they were not bona fide clubs.

Saker was instructed to request an interview within ten days with Oscar L. Fleckner, director of the departments of liquor control.

For the woman who, by mischance, may have to cope with a flat tire on her car, there is a lightweight aluminum tire lift. It takes the strain out of lifting the new wheel into place on the hub in making the change.

Boiled Apple Dumplings (Serves 8)

Two cups sifted flour, teaspoons baking powder, ½ teaspoon salt, 6 tablespoons shortening, cinnamon, 2/3 cup milk, 8 small apples, 8 tablespoons sugar, 4 tablespoons butter, 1 tablespoon sugar, crapple jelly.

Sift together flour, baking powder, salt and 1 tablespoon sugar. Cut shortening in with pastry blender. Add milk gradually to form a soft dough.

Knead lightly. Roll out to ¼-inch thickness. Cut into eight squares. Pare and core 8 apples. Place one in the center of each square.

Fill each cavity with 1 tablespoon sugar and sprinkle with cinnamon. Add ½ teaspoon butter and 1 tablespoon crapple jelly. Fold dough over apple tightly. Put each dumpling into small, coarse, well-floured cloth.

After dipping in hot water, tie cloth securely, but leave room enough for dumpling to swell. Put in pot of boiling water, and boil 45 minutes. Serve with sweet sauce.

Akron Robber Shot, Came Once Too Often

AKRON, Feb. 23 (AP)—The owner of an Akron wine shop last night mortally wounded the man he said tried to hold up his place for the third time since last month.

The persistent robber was identified by police and members of the family as Wilson K. Kreitzburg, 30-year-old Akronite.

This is the story that the owner, Joseph J. Werner, told law authorities:

"I recognized him (the robber) at once as the same man who had held me up twice before, so I pulled by gun out of my pocket and told him to stand still.

"Instead of stopping, he walked toward me and told me to put my gun down while he counted. He has his hand in his pocket where he had had his gun on the other occasions. At the count of two, I shot him twice."

Werner said the robber fell to the floor, still trying to get the pistol from his pocket. Police reported the victim had his hand on a .32 caliber automatic pistol in his coat pocket.

Detectives said Kreitzburg operated a small garage, was married and the father of three, the youngest child just a month old.

A record list of 391 individual entries from 28 colleges is listed for competition in the 28th annual Michigan State Relays.

DELAWARE, Feb. 23 (AP)—U. S. Sen. Robert A. Taft (R-Ohio) is the "last symbol of Republicanism able to withstand the pressure groups," Ohio Wesleyan University students were told yesterday.

The speaker was A. B. Herman of New Jersey, executive director of the Republican national committee.

Earlier Guy Gabrielson, GOP national chairman, said Democratic proposals are sugar-coated socialist schemes.

The campaign in Ohio is going to be "rough and tough," Herman said. He warned of "invading hordes" who have sworn to defeat Taft.

"What's going to happen to Taft is going to happen to the Republican party itself, for Taft is the symbol of Republicanism," he added. Herman predicted Republican victories in the election.

The University's Institute of Practical Politics is recruiting students to work with both major parties. Some 315 have signed up to do work for the GOP, it was announced.

IN A SETTING of sculptured ice and snow, Marilyn A. Marvin (above), Three Rivers, Mich., was crowned queen of the 19th annual Middlebury College Winter Carnival and American-Canadian Intercollegiate Ski Union Championships at Middlebury, Vermont.

Welfare State Not For U. S.

Rev. Humbert Warns PTA; Tells Of Trip

"We must think twice about what we have in the United States before jumping into a welfare state," Rev. Russell Humbert told a Parent-Teacher association audience at the High school auditorium Monday evening.

The Youngstown Methodist minister, who spent two months visiting and preaching in England and Scotland last summer, said he found the English and Scots "people of great patience and integrity."

He emphasized the respect he had gained for them through his experiences there, but cautioned that "America must not associate itself with a 'welfare state,' such as the Labor party has initiated in England."

"We here in America are certainly believers in a 'welfare society' but we must hesitate thoughtfully before we plunge into a 'welfare state,' which means the government does for us what we should be doing for ourselves," the clergyman explained.

"We must continue to help one another in our welfare society, but he mustn't turn to state control to bring about that help" he concluded.

Describing the 'austerity' program the British nation is undergoing, Rev. Humbert illustrated the patience of the people in going along where another more selfish people would rebel.

Explaining that he was trying to give his listeners a more solid background for reading and judging editorials and articles on the British, Rev. Humbert said that he found socialized medicine quite unsatisfactory, especially to the profession in England.

"Stories you read saying that the doctors are in favor of the program as instituted are simply not true," he said.

He classified Winston Churchill as the Herbert Hoover of England, a "great, but stubborn statesman who occupied a position of great respect among the British," Rev. Humbert said he was quite surprised, and pleased, at the comeback Churchill's party had made in the recent British elections.

Republicans Meet At Lisbon On Wednesday

LISBON, Feb. 28—The public is invited to a meeting in the Legion Home Wednesday evening at 8 when William O'Neil of Marietta will address a gathering of Republican central committee and candidates.

The meeting will be in charge of T. Emerson Smith of Salem, county chairman, and the guest speaker will be introduced by Representative Clarence L. Wetzel.

Atty. O'Neil, who is serving his sixth term in the legislature, is Republican minority floor leader in the house.

FIDELITY—Two-year-old Johnny Frucht, of Pittsburgh, Pa., utilizes a hole in the floor to view his pet dog, Terry, banished to the cellar for some infraction of household etiquette.

Treated Wife

(Continued From Page 1)

friends that night "because I didn't want her to be alone."

"After you learned of your wife's death did you return to the hospital?" Langdell asked.

"No sir," he replied.

Q. On Dec. 29 when Dr. Sander was arrested were you in Manchester?

A. Yes, I was.

Chief Defense Counsel Louis E. Wyman then called for further cross-examination Miss Elizabeth Rose, 24, the nurse who has testified she saw Dr. Sander inject air into Mrs. Borroto's veins.

Borroto, a retired oil salesman, testified that before his wife was stricken with cancer she had undergone a thyroid operation.

He said it was after this operation that he met Dr. Sander, who had been an associate of the operating surgeon.

Borroto, a slight man wearing glasses, spoke softly but distinctly as he told the judge and jury his wife's normal weight was about 140 pounds before she began to waste.

Previous testimony indicated that shortly before her death she weighed less than half that amount.

Freed Plans Appeal On Court's Ruling

Promising to appeal his case, Alan Freed, popular Akron disc jockey and a former Salem resident, faces a year's silence on Akron airways following a hearing of his contract battle with Radio Station WAKR.

Judge B. J. Roetzel of Common Pleas Court ruled Saturday that Freed was a "salesman" and not an "entertainer" and ordered that he be kept off the air within a 75-mile radius of Akron for one year, in keeping with his contract with WAKR.

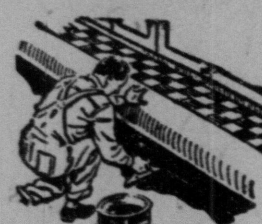

After leaving WAKR, Freed broadcast an hour record show over WADC, the CBS outlet, on Feb. 15. His contract with WAKR expired Feb. 11.

Under Ohio law, salesmen can be restricted from going into business for themselves or going to work for a competitor, if a restrictive covenant has been entered into the employment contract.

Freed's next move, which he plans to make soon, will be to take the case to the Court of Appeals. It is generally felt that Akron businessmen and the general public will aid in raising funds so that Freed can carry the case to higher courts.

"I'll be back on the air in Akron, and you can bet your last nickel on that," he said after the Saturday hearing.

Tragedy Hits Bantam, O.

Three Boys Drown On Harmless Trip To Ice Pond

BATAVIA, Feb. 28—(AP)—A own son and two of those who drowned. Other persons in Bantam said the children had been kept home because of the severe cold and doubt that the school bus would operate.

The dead were: Harry Moore, Jr., 13; his brother, Paul, 10, and young Schleuter.

Vernon Andrews, Jr., 13, and Paul George Eckert, 9, a half brother of the Schleuter lad, were the ones who escaped.

Still frightened and shaken from his experience, the Andrews boy last night told this story of the incident:

Since the Schleuter boy had a holiday from school, the other youngsters agreed to meet him during the day. They took a bicycle to the pond and were riding it. The ice broke as Harry was riding the bike and he plunged into the water. Paul Moore and Schleuter tried to rescue their pal and plunged into the water, too.

"I was on the other side of the pond," the Andrews lad said.

"I saw the ice break with Harry on the bicycle. He came up and the other two tried to grab him. It looked as if their weight carried all three of them down again."

Little Paul Eckert ran for help. Grief-stricken Mrs. Ida Eckert, mother of the Schleuter and Eckert boys, said she received a telephone call that three boys were in the pond.

"By the time we got there they were under the ice and all we could see was their caps," she said.

Bodies of the three boys were recovered two hours later by state highway patrolmen, the life squad from nearby Bethel, and Clermont County deputy sheriffs.

The Moore and Eckert families live just around the corner from each other in Bantam. The Andrews live a mile or so outside town. All three homes were crowded last night with visitors. And even in the town general store, only a few hundred feet from the Moore and Eckert homes, several persons sat in hushed silence.
